

TimeBrief

AN UP-TO-THE-MINUTE NEWSLETTER WITH ALL THAT'S BEST IN CLOCKS AND TIMING SYSTEMS

21ST CENTURY CLOCKS

The latest addition to our range is a classic of the future, sleek and shiny with large LCD digital figures showing time, day and date.

It is equally at home in domestic, office or industrial settings, enhancing any environment with its simple styling.

The standard base model is glossy 'piano' black but the addition of the anodised aluminium panel can transform the appearance of the clock to metallic. Other variations to the front panel are available, to order* and a 'day and date' only version is available on special order* to suit different locations' requirements. * (minimum quantities apply).

Ref: GP1121 Priced at **£114.00**

TRADITIONAL SOLID OAK

Our bespoke 'office' dial clock is manufactured to a standard not often seen today. The case is hand made from solid oak and the bezel spun from solid brass by top craftsmen. Mains powered this clock shows a traditional dial with Roman figures and spade hands and would be the perfect addition to any restaurant, reception area, council chamber or any other prestigious situation. Overall dimensions 900mm. Also available with impulse or MSF movements at extra cost and can be personalised for the customer.
