Clarion

SPRING FAIR 2010

Our thanks to all who came to visit our stand at NEC last month. It was great, as always, to see so many familiar faces and some new ones too.

CASE CLOSING PRESS

Will deal easily with 90% of your snap-back case closing needs. Supplied with 6 Delrin dies Ø20-39mm to ensure distortion free pressure..

Ref HP29 **£63.75**

REPLACEMENT DIES

Supplied individually.
Please state size when ordering.

Ref HP292 **£7.70**

Boxed set of 6 replacement dies. 20-39mm.

Ref HP291 **£41.60**

OUR 2010 TRAINING COURSES ARE NOW IN PLACE

For all the latest information on availability and course details call 020 8778 7061

HEAVY DUTY CASE PRESS

This larger press features reversible die supports which will accept Horotech friction and threaded Delrin dies. Supplied without dies you are free to choose the set best suited to your needs. Will accept cases up to Ø90mm.

Ref HP34 **£94.95**

SET OF 8 DIES

Comprises: 8 reversible threaded dies Ø17-45mm and 1 base support die.

Ref HP311 **£73.75**

SET OF 14 DIES

Comprises: 14 reversible threaded dies Ø15-41mm and 1 base support die.

Ref HP313 **£115.70**

SET OF 5 DIES

Comprises: 5 reversible threaded dies Ø40-50mm

Ref HP314 **£54.75**

REPLACEMENT THREADED DIES

Supplied individually.
Please state size when ordering.

Ref HP312 **£10.00**

BERGEON EYEGASSES

Light and comfortable to wear. Features a screw ring for easy removal of the lens for cleaning. Lens Ø25mm.

	Magnification	Focal Length	
Ref HE2611A	6.7x	38mm	£12.20
Ref HE2611B	5x	50mm	£12.20
Ref HE2611C	4x	62mm	£12.20
Ref HE2611D	3.3x	75mm	£12.20
Ref HE2611E	2.8x	87mm	£12.20
Ref HE2611F	2.5x	100mm	£12.20

EYEGASS HOLDER

Coiled spring stainless steel band holds the eyeglass comfortably in place.

Ref HE5461 **£3.75**

SPECIAL LIMITED OFFER DIAMOND INSPECTION LOUPE

High quality 10x achromatic aplanatic lens. Ø18.5mm. Black body with chrome case. Supplied in a leather case with free lanyard.

Ref HP4310 **£15.00**

GXL 24 PRO GOLD TESTER

The GXL 24 Pro is the very latest development from the company that pioneered electronic gold testing. The hand held probe exudes a paste conductor, the microprocessor evaluates the electrochemical reaction, expressing the results in full carats and European standard value ie: 9ct/ 375. Tests yellow, red, white and green gold, and platinum. Tests from 6 - 24 carat inclusive in full carats. Supplied in carrying case with full instructions.

Ref TT61 £440.00

SPARE GEL for GXL 24 Pro

Ref TZT573 £11.20

PRESIDIUM GEM TESTER

A gem tester that identifies precious stones using thermal and electrical conductivity.

Tests all mounted and unmounted stones from 0.02ct. Detects simulants from diamond.

Ref TD53 £220.00

THERMAL DIAMOND TESTER

Battery operated with calibration wheel to allow the testing of very small stones in varying climates, with audible beep and light indicator. Supplied with case and full instructions.

Ref TD57 £68.00

PRESIDIUM MULTI TESTER

The Presidium Multi Tester has been developed to aid in the identification of diamonds, synthetic moissanite and other gem stones with a single instrument. It utilises the combined principles of thermal and electrical conductivity.

Ref TD56 £275.00

PRESIDIUM DUO TESTER

The Presidium Duo Tester is the only tool on the market that provides the user with two proven tests for diamonds and the ability to differentiate between similarly coloured gemstones. The easy to read dial of the Duo Tester is calibrated to indicate the differences in thermal conductivity of the most popular gemstones and simulants. Simply touch the tip of the probe pen to a mounted or loose stone, and read the dial. There is also a reflectivity measurement which tests a stone's reflectivity as a second test. Supplied with mains adaptor, can be used with 5xAA batteries (not supplied)

Ref TD5310 £450.00

BOOK OF THE MONTH

'Foldforming' by Charles Lewton-Brain

Foldforming is a conceptual, physical and intuitive approach to metal-smithing that is informed by the natural characteristics of metals. This system exploits the inherent qualities of plasticity, ductility and elasticity in metals, offering a significant new series of procedures.

Ref TB17016 WAS £28.00 NOW £22.40
